I had the time of my life

Super!

Great, 10/10

Great experience, would do again!

It was interesting and beautiful.

not sure what to say

It was great

Well organised, good activities - welcoming nature of staff and students in Estonia. Enjoyed activities which involved creating crafts and seeing the Estonian nature. Tour guides - didn't allow us freedom to explore, would have preferred this, to be able to independently walk around the museums and more time during the day to explore independently / in groups. Great activities which tied into the theme of the project.

Good

Thanks to the organisation and coordinators

Perfect!

The mobility was very useful in terms of opportunities to experience both tangible and intangible crafts, products, activities. We learned some social skill, handcraft skills and gained valuable experience.

I loved it, I would come here again if I could

It has been one of the best experiences I have ever had. I recommend the country, its people

and its extraordinary food. I have learned a lot.

It was great that I had a chance to meet so many nice people

Perfect

Was annoying to drive with the bus for so long

Everything was very good

I liked the activities and people

It was really cool!

Great. You did so well. My suggestion is to ease off on tour guides and long introductions and let the students take the lead.
