Please think a bit to make a suggestion for next meeting?

It was awesome.

I'm not sure

different countries

Timetabel should be better and not change every day

In my opinion, the meeting was perfect

Everything was good, I hope to have a chance to participate in some other project again:)

Better organisation of a timetable

awesome

More outside, nature activities or a closer look to the school system, lessons.

Do not have any suggestions

Anywhere

:)

Eating in the TV tower. Otherwise all was pretty much perfect.

Keep it chill and positive,

More participation from the students.

Have a early teacher meeting, for mingling.

I think everything was well organized.

Next year

pass

More time to spend with others, because it was so entertaining!

To continue working on final products so that they are ready for the next meeting and we can present some of the final results.

Really a a very nice Experience

Podcast creation organisation was confusing

Everything is fine

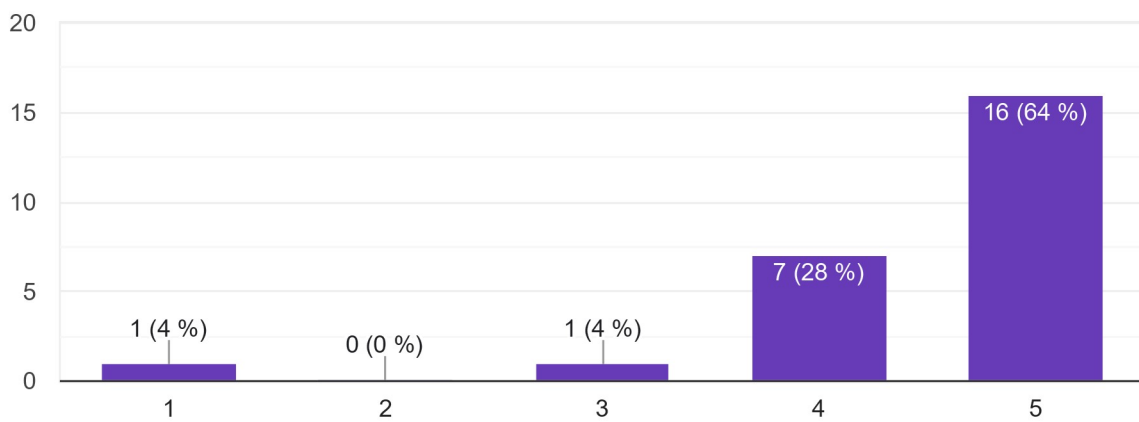

People from more countries

The hotel couldve been a little better and information sharing should also be wider because alot of people didnt know what was happening sometimes

Rate how the mobility was positive to archive the project objectives.
